

LIVE RETRO SERIES MIC STAND LIVE-MC-70B

The Live Series mic stands are intended to make the life of the musician easier with a super ergonomic clutch that easily raises and lowers to a desired height with just one hand. Additionally, Live Series mic stands are constructed from super strong, lightweight aluminum; so they're able to meet the demands of modern musicians, but light enough to go anywhere.

HEIGHT ADJUSTMENT

Ergonomic clutch - one-handed height adjustment.

CONSTRUCTION

Durable, lightweight aluminum construction.

ROUND WEIGHTED BASE

Stable solid classic round weighted base returns.

INTERCHANGEABLE BASE

The live mic shaft can fit any Live Retro Series mic base.
