

POSITIONING

Samson's Expedition XP800 is an all-in-one sound system that offers excellent audio quality with quick and easy setup. Providing 800 watts of power, the XP800 features a lightweight, 8-channel powered mixer and two 8" speakers. For enhanced portability, the XP800 offers a unique speaker-locking design that allows the system and all its components to be packed up and transported as a single unit weighing just over 40 pounds.

FEATURES

Expedition for Everyone

The XP800 is ideal for education, business and house of worship applications because users with limited PA experience can set it up quickly and efficiently. With *Bluetooth*® connectivity to wirelessly stream audio from laptops, tablets and smartphones, the XP800 is also perfect for presentations, parties and karaoke. The XP800 includes a USB Wireless port for integrating Stage XPD USB Digital Wireless Systems (sold separately), now available in handheld, headset and lavalier configurations.

Full-Featured

Musicians and more experienced sound operators will benefit from the XP800's advanced features such as monitor outputs for expanding your signal with active speakers, selectable digital effects and 2-band (Bass and Treble) EQ on all input channels. The inclusion of four mic preamps and multiple stereo connection options optimize the XP800 for band rehearsals and performances.

Flexible Sound

The XP800's speaker enclosures feature a tilt-back design so they can be used as stage monitors, as well as 1 3/8" speaker stands mounts. The mixer section can be removed and mounted on any standard mic stand using Samson's SMS308 Mixer (sold separately).

APPLICATIONS

- Education
- House of worship
- Presentations
- Performances
- Fitness
- Karaoke jockeys
