

Intimidator Spot 360

Intimidator Spot 360 is a 100 W LED packed with mobile event lighting power. Dual rotating prisms are on board to split the beam and cover a larger area with Intimidator Spot 360's impressive visuals. Throw light even farther by decreasing the beam angle 5° using the manual zoom. Motorized focus gives you the ability to create sharp gobo patterns from almost any distance and Totem mode lets you keep the beams forward. Intimidator Spot 360 lets you set, save, and recall 1 scene manually, directly from the full-color LCD display. Creating amazing light shows is easy with wireless non-DMX control using the optional [JRC-6](#) remote. Intimidator Spot 360 uses powerCON®-compatible power input/output connections for power linking. A handy ¼-turn hanging bracket allows for single or dual clamp mounting options and Intimidator Spot 360 fits best in the [CHS-360](#) VIP carry bag or the [Intimidator Road Case S35X](#) flight case. White housing not available in European Markets.
